DETAILED ACTION

Reissue Applications

1. Please note that the original patent, or a statement as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed.

See 37 CFR 1.178.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-13 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by East German patent # DD 265,229 A1. From the translation it appears that the DD patent allows a user to re-calculate a ratio of ingredients based on a current weight reading.

Conclusion

3. It is noted from the parent case that the applicant's foreign priority document has a filing date that precedes the filing date of U. S. patent # 5,544,684 to Robinette, III, the closest U.S. prior art reference.
